**PLEASE NOTE:** While a CHRI is acceptable for nurse aide training, nursing homes could maintain a more stringent list of prohibitive offenses. In addition, you should be aware that Pennsylvania maintains a data base by HHS OIG that identifies individuals or entities that have been excluded nationwide from participation in any federal health care program. Health care facilities are required to develop policies and procedures for screening of all employees to determine if they have been excluded from participation in federal health care programs. If you are on this exclusion list, it is possible that you will not be eligible for employment in a health care agency.

To see if you are on the list please go to:
